The Workshops

Wheels for All is working in partnership across Northumberland to raise the profile of accessible cycling opportunities across the North East region. With your help we aim to determine:

- the current provision for inclusive cycling
- the need and appetite to develop inclusive cycling programmes
- regional opportunities to help support such ideas and proposals

What are the highlights?

The workshops will focus on understanding the need for accessible cycling provision in your region and as part of the cycling landscape on a national scale.

How you can support Wheels for All to make a difference.

We welcome your attendance:

- as a participant wanting to access cycling on your terms
- as a service provider considering cycling as an activity for the people you support
- as a provider of a current inclusive cycling programme (or someone who wants to be!)
- as a potential location for an accessible cycling hub

Venue

Come along and join the conversation and progressive discussion to develop accessible cycling opportunities in the North East region at:
